

**NYSOWA 2011 Spring Safari
May 12-15
Livingston County, New York**

Greetings Writers:

Livingston County is looking forward to your visit in May and delighted that NYSOWA chose our county to "host" your Spring Safari.

As you'll see on the registration form, we have some great plans and options for your visit. We are particularly excited to be able to offer your overnight accommodations in **Letchworth State Park, also known as the "Grand Canyon of the East."** The **cabins** that you'll be staying in are ideal for the 'true' outdoor experience of this great park and county.

Here are a few added details that we truly hope will further entice your visit.

- Thursday Night **Welcome Reception** in a beautiful Stone Pavilion in Letchworth and featuring many local foods and beverages.
- Friday Night Dinner (Hosted by Ontario County Tourism) at or near New York State's newest State Park, **Hemlock/Canadice State Park.**
- **Saturday Night Chicken BBQ and Clam Bake.** Right outside your cabin area we'll be setting up picnic tables and cooking the chicken and clams while you enjoy the campfire and the variety of outdoor entertainment we have planned.
- Do you know what **ATL-ATL** is? Letchworth State Park Naturalist Doug Bassett will demonstrate at the BBQ.

Our Livingston County Outdoor Community is all on board with hosting the NYSOWA. We have great plans and high hopes for your visit.

See you in May and as we say here in Livingston County....."Have A Field Day."

Lisa Burns
Livingston County Director of Tourism
